Passionate about Performance!

Embark on adventures where evil hides in every shadow and the only limit to the power you wield is your imagination and the hardware in your PC! Ensuring that your hardware can take you where your imagination desires, Sapphire delivers the next generation in mainstream graphic solutions with the RADEON™ X800! Lose yourself in the creations of today's hottest game developers and experience vibrant textures rendered in High-Definition clarity with features such as SMARTSHADER™ HD, SMOOTHVISION™ HD and ATI's revolutionary 3Dc™ image enhancement technology. Built upon features that today's game developers dreamed about, you won't miss a single villain lurking in the distance of today's gaming titles with the next generation power of the Sapphire RADEON X800. Outfitted with 12 parallel pixel pipelines, 256MB of GDDR3 memory, and the latest advent of technology, the PCI Express interface, Sapphire promises to make you passionate about performance!
